- *Our Head of Centre has overall responsibility for Mulberry UTC as an examinations centre and will ensure that clear roles and responsibilities of all staff are defined.*
- *Our Head of Centre will confirm that teacher assessed grade decisions represent the academic judgement made by teachers and that the checks in place ensure these align with the guidance on standards provided by awarding organisations.*
- *Our Head of Centre will ensure a robust internal quality assurance process has been produced and signed-off in advance of results being submitted.*

Senior Leadership Team and Directors of Learning

Our Senior Leadership Team and Directors of Learning will:

- *Provide training and support to our other staff.*
- *Support the Head of Centre in the quality assurance of the final teacher assessed grades.*
- *Ensure an effective approach within and across departments and authenticating the preliminary outcome from single teacher subjects.*
- *Be responsible for ensuring staff have a clear understanding of the internal and external quality assurance processes and their role within it.*
- *Ensure that all teachers within their department make consistent judgements about student evidence in deriving a grade.*
- *Ensure all staff conduct assessments under the appropriate levels of control with reference to guidance provided by the Joint Council for Qualifications.*
- *Ensure teachers have the information required to make accurate and fair judgments.*
- *Ensure that a Head of Department Checklist is completed for each qualification that they are submitting.*
- *Ensure students and parents are aware of how the awarding of teacher assessed grades process will work.*

Teachers

Our teachers will:

- *Ensure they conduct assessments under our centre's appropriate levels of control and have sufficient evidence, in line with this Centre Policy and guidance from the Joint Council for Qualifications, to provide teacher assessed grades for each student they have entered for a qualification.*
- *Ensure that the teacher assessed grade they assign to each student is a fair, valid and reliable reflection of the assessed evidence available for each student.*
- *Make judgements based on what each student has been taught and what they have been assessed on, as outlined in the section on grading in the main JCQ guidance.*
- *Produce an Assessment Record for each subject cohort, that includes the nature of the assessment evidence being used, the level of control for assessments considered, and any other evidence that explains the determination of the final teacher assessed grades. Any necessary variations for individual students will also be recorded.*
- *Securely store and be able to retrieve sufficient evidence to justify their decisions.*

SENCo

Our Senco will:

- *liaise with teaching staff regarding students who may need access arrangements in assessments*
- *process online applications for access arrangements where supporting evidence is available*
- *liaise with teaching staff regarding where temporary illness, injury or some other event outside of the student's control may have affected their performance in assessments*

Examinations Officer

Our Examinations Officer will:

- *Be responsible for the administration of our final teacher assessed grades and for managing the post-results services.*

Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

Training

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year*

- *Teachers involved in determining grades in our centre will read all 'Awarding Grades 2021' updates shared with them.*
- *Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students including specific training on unconscious bias.*
- *Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.*
- *Teachers will be supported by being given the time to read guidance, engage with training, and carry out the necessary evidence collection and quality assurance activities.*

This time will come from:

- *allocation of all department meeting time to the awarding of grades*
- *allocation of twilight INSET session to the awarding of grades*
- *a focus on assessing mainly Y11 and Y13 work during the first half of the summer term, while using formative assessment with Y10 and Y12*
- *use of weekly teaching and learning briefing time to provide a whole school forum for discussion about the process of awarding grades*

Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.*
- *We will ensure that the weekly NQT training sessions which take place in the summer term focus on the process of awarding grades and associated quality assurance procedures.*

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.*
- *Where teachers no longer have physical copies of assessments, evidence of students' grades from assessment trackers maintained by subject teams will be provided as evidence.*
- *We will be using student work produced in response to assessment materials provided by awarding organisations, including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We will use substantial class or homework (including work that took place during remote learning).*
- *We will use internal tests taken by pupils.*
- *We will use mock exams taken over the course of study.*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.*

We provide further detail in the following areas:

Additional Assessment Materials

- We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed. We will ensure the grade boundaries used are consistent with previous assessments, to ensure this evidence is comparable. In most cases, this will involve using the most recent grade boundaries, with some adjustment in light of the fact that a narrower amount of content is being assessed.*
- We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.*
- We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.*
- We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college.*
- We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- We will consider the specification and assessment objective coverage of the assessment.*
- We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *For VTQs, students' overall grades will be based on evidence produced in both fully and partially completed units.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.*
- *Our teachers will consider the following:*
 - *where access arrangements are now in place but were not when previous assessments were undertaken*
 - *where illness or other personal circumstances might have temporarily affected performance*
 - *where a student has 'banked' some units, the grade which they received for those units should not be a cap on the final grade you give them if there is other evidence of stronger achievement*
- *Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared.*
- *Our teachers will use grade descriptors and grading exemplification provided by the exam board(s) to help reach the judgement of their final grade.*

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- *An internal quality assurance framework has been completed to ensure all necessary activities are completed. This can be found on Microsoft Teams, along with further guidance that has been provided to staff in relation to the awarding of grades.*
- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
 - *Arriving at teacher assessed grades*
 - *Marking of evidence*
 - *Reaching a holistic grading decision*
 - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across all grades.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre.*
 - *This will be the Director of Learning for the relevant learning area.*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.*

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *We will take into consideration the grades awarded to our students in the June 2019 exam series.*
- *We will take into consideration the KS2 and KS4 average point scores of our cohort in comparisons, by investigating any large and unexpected fluctuations of projected Progress 8 and Value Added progress scores.*
- *We will consider changes in the size of our cohort from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *We will prepare a succinct narrative on the outcomes of the review against historic data, which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.*

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- *We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.*
- *We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.*

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- *Mulberry UTC opened for the first time in September 2017, so there are only two previous cohorts of students who have completed a full set of qualifications at the school.*
- *The Year 10 cohort in the school's first year after opening, who completed their GCSEs in summer 2019, were a particularly complex group of students, many of whom joined Mulberry UTC after exclusions in their previous schools and the majority of whom had additional learning and/or behaviour needs. The current cohort do not exhibit such extreme characteristics and their achievement is likely to reflect this.*
- *We will omit subjects that we no longer offer (e.g. GCSE Spanish) from the historical data.*
- *We have a significantly larger year 13 cohort this year than in the last two years.*
- *This year will be the first year of completion for Year 13 students in our school studying Level 3 Performing and Production Arts and Level 3 Business (marketing pathway).*
- *There have been fewer disruptions to learning in the classroom with the current year 11 cohort, compared with the two previous years, for example there have been no permanent exclusions and no fixed term exclusions in 2020-21.*

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)*

Addressing disruption/differential lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- *Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.*
- *Teachers will take into consideration where illness or other personal circumstances might have temporarily affected performance; any variations in the evidence used for students will be documented on the Assessment Record for the subject cohort.*

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias); and ☐ bias in teacher assessed grades.*

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed;*

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions. □ We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically on Microsoft Teams so that can be readily shared with our awarding organisation(s).*

Authenticating evidence

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms, will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors. These mechanisms include:*
 - *Class sizes are small at Mulberry UTC and all teachers know their students well.*
 - *A consistent assessment policy means teachers have a clear idea of the level of work that students are capable of producing.*
 - *Individual conversations between partner teachers, and between sole teachers and Directors of Learning, will take place once a grade has been proposed. This conversation will focus on the rationale behind the grade being awarded, including discussion of the evidence that has been selected, the conditions in which this evidence was produced and how this evidence compares to other pieces of evidence that could have been selected.*

Academic qualifications (GCSEs and A-levels)

- *For academic subjects, all evidence will be collected in the classroom under the direct supervision of the teacher.*
- *We will not use homework as evidence unless we are completely confident that this has been completed by students on their own.*

VTQs (OCR Cambridge Nationals, Cambridge Technicals and BTecs)

- *All students studying VTQs are taught about plagiarism at the start of the course and are regularly reminded about the guidelines which students are required to adhere to when completed coursework.*
- *All students sign a candidate declaration form to confirm the work has been completed in these conditions.*
- *If a situation arises where a student's work doesn't appear to be their own, a conversation with the subject teacher, student and Director of Learning will take place to ascertain whether or not the evidence should be included.*
 - *Where possible, students' assignments are completed in controlled conditions at school under the teacher's direct supervision.*
- *All assignments are*

completed via Microsoft Teams and stored in secure files that only the student and teacher are able to access.

It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance published on awarding organisations' websites to support these determinations of authenticity. This guidance can be found here:
